Redeem Christian Church Of God and Bethesda Christian Fellowship FICE. God touched many lives, healed and delivered people from the bondages of sin. I taught on different topics in the churches, using both the inductive and deductive approaches in Bible study.

LOOKING FOR HELP

We are looking for special help for these three kids. Their father died, their mother works cleaning houses. This small girl is taking care of these boys, including bathing them. She is really doing great work and taking the responsibility like an adult. Please help us pray and stand with these lovely kids! Your prayers and financial support can save their life and they can have a good life.

19th February I went to Singapore to do the SOTB and I learned great things about how you can be significant leader in your family and in your church where you serve. There were many speakers and teachers who to teach us. I was able to meet great people. I had no money or plan, but when I reach out to God, He blessed me with all expenses and fees being paid. I give all the glory to God and His faithfulness. I had a dream that I was watching God TV every day. I love to watch Pastor Joseph Prince's program and for the past three years, I have been wanting to go see him in person. God is my witness - He answered my prayers! It was really amazing to hear the word of God. He preached the message of cross - it was touching and also very well organised.

Touching Others Under Caring Hands

We love and care for those who are in need. We are touching the lives of the parents as well. Our goal and desire is to reach many communities. We are looking for those who have a heart for children to partner with us in this.

Its also a great joy that my son Ethan is growing in the Lord. He sings in the church, recites the memory verse and before going to school, he always reads the Bible and prays to God. One day, I told him you need to pray for people everyday. Now he is praying every evening. He anoints his head with oil everyday. We give all the glory to God.

I have the honor of preaching in many different churches. Whoever calls me, I am willing to go. I don't want to miss an opportunity to preach the Gospel. I recently preached at Bethesda Church and at the close of the service, I prayed for the people. God delivered five people in the church and they gave their life to Jesus. It was amazing to see how God touched the people. After the church service was over, they came to me and said, You preached very good and we have never heard this about the true God". I just told them, "It's not me, but the One Who

lives in me, Who is greater than me. Always thank God, not me. I am just His child and whatever He tells me to do, that's what I do. I give thanks to almighty God who is worthy to be praised".

Pastor Sitaram who came to the Lord from the cast of RSS (Rashtriya Swayamsevak Sangh), which is very strong in the Hindu religion. Pastor Sitaram had a great desire to be a Bollywood movie actor, but the Lord has chosen him to be God's ambassador and has sent

him to work among his own people. He and his brother's son started the church with 2 people. Many times he was put in jail, but God's favour was always upon him. Now the church has around 200 people and he baptised 60 people. Pastor Sitaram recently celebrated 8 years of ministry and experiencing God's faithfulness. Please lift him and his beautiful family in your prayers, as he works in a very dangerous area.

During the month of January, my father was traveling to visit my uncle and during his journey, he got stork. Some people put him on the platform of the railway station. When I heard the news, I was shocked and I was not able to visit because of my trip to Singapore, but when I came back we all able to visit him. Over the past 8 months, he hasn't been able to walk or do anything. We have taken him to many hospitals and have met with many doctors, but doctors are not giving him much hope of survival. He is just laying on his bed because he is paralyzed. We have spent a lot of money in seeking treatment and a cure for him and he is not getting better, but we have a mighty God Who is able to heal.

We thank God for His faithfulness and for your prayers and partnership with us to save the lost and feed the hungry. We pray that God will prosper you in every area of your life, that your blessing will locate every corner of the world.
